# PGIP Executive Summary Access Tip Sheet

---

## Introduction

The Michigan Data Collaborative (MDC) is a nonprofit healthcare data organization at the University of Michigan (U-M) within Michigan Medicine. The Blue Cross Blue Shield of Michigan (BCBSM) PGIP Interactive Reporting site provides access to the PGIP Executive Summary for the Physician Organizations (POs) and Organized Systems of Care (OSCs). The Executive Summary includes visualizations, reports, and interactive analyses for participants of BCBSM's Physician Group Incentive Program (PGIP), including comparisons between organizations, organizational rankings, measure distributions, and trends for utilization and cost measures.

## Obtaining Access

Accessing the BCBSM PGIP Reporting site requires that MDC create a sponsored account with a U-M ID, Username (Uniqname), and Password. To obtain access:

- (1) New users must email [mdc-accounts@med.umich.edu](mailto:mdc-accounts@med.umich.edu) to request the PGIP User Access Request form and the name of their PO/OSC primary contact;
- (2) New users must complete and email the form to their PO/OSC primary contact;
- (3) The PO/OSC primary contact must email the completed form indicating their approval of the new user account, preferably using secure email, to [mdc-accounts@med.umich.edu](mailto:mdc-accounts@med.umich.edu).

It takes 3-5 business days to create a new user account and grant access. MDC will notify new users via secure email that their account has been created and provide their U-M ID, Uniqname, and Password. New users must then set up two-factor authentication using Duo to log into the PGIP Reporting site.

For more information on access to the PGIP Reporting site, see the MDC [Access and Setup Guide](#).

Existing users who have forgotten their password may email [mdc-accounts@med.umich.edu](mailto:mdc-accounts@med.umich.edu) to get instructions on resetting their password.
