About the Provider Reports

The Provider Reports are generated monthly in Excel format. Each report includes a list of providers for a Managing Organization. If a Practice is participating as an independent practice, they can access a report that is specific to their Practice.

When each report is released, it reflects the most current data MDC has received from [MiHIN](#) in the Provider Hierarchy file.

Naming Format

The reports are listed in chronological order with the most recent report at the top. They have the following naming format:

<MO Name>_Provider_Report_YYYY_MM.xls

<MO Name>_<Independent Practice Name>_Provider_Report_YYYY_MM.xls

Accessing the Reports

The reports are provided in .xls format and can be accessed on the SIM PCMH Dashboard.

Report Columns

The following fields are included in each report:

- Practice
- Provider Last Name
- Provider First Name
- NPI

Sort Order

The data is organized in ascending order using the following sort order:

1. Practice
2. Provider Last Name
3. Provider First Name
4. NPI
